

Home Grounds Meats

Farm to Fork Livestock Farming & Meat Distribution | Zimbabwe

Home Grounds Meats is a fully integrated livestock farming, meat processing, and distribution company based in **Chivhu, Zimbabwe**. We specialize in **Beef, Poultry (Broilers & Layers), Sheep, Goats, and Pig farming**, managing every stage of the value chain — from **nutritionally balanced feeding in approved feedlots**, to **professional slaughtering, cold storage, specialized meat cutting**, and **nationwide distribution**.

Our operations serve **Chivhu, Harare, Mutare, Masvingo, Kadoma, Bulawayo**, and other major cities across Zimbabwe, supplying butcheries, hotels, restaurants, events, and bulk buyers with consistent, high-quality meat products.

Our Core Farming Operations

Beef Cattle Farming

We run structured beef cattle feedlots in Chivhu, using approved nutrition programs designed to maximize animal health, weight gain, and meat quality. Our cattle are raised under controlled conditions, ensuring traceability, hygiene, and premium beef products.

Products: - Whole carcasses - Beef portions - Specialized bulk cuts - Offal

Poultry Farming – Broilers & Layers

Our poultry division produces both **broiler chickens** for meat and **layer hens** for egg production. Birds are raised on balanced feed, monitored for health, and processed in hygienic abattoir environments.

Products: - Fresh and frozen whole chickens - Chicken portions (bulk & retail) - Bulk eggs (trays & crates)

Sheep & Goat Farming

We farm sheep and goats using sustainable livestock management practices suitable for Zimbabwean conditions. These animals are ideal for traditional markets, ceremonies, and commercial meat supply.

Products: - Mutton & chevon - Whole animals - Custom cuts for events and bulk orders

Pig Farming

Our piggery operations focus on efficient feeding, animal welfare, and high meat yield. Pork is processed under strict hygiene standards and supplied fresh or frozen.

Products: - Pork carcasses - Pork cuts - Bulk pork supply

Feedlots & Animal Nutrition

All our livestock are raised in **approved feedlots** using scientifically formulated feeds. We focus on: - Balanced nutrition - Animal welfare - Disease prevention - Consistent growth rates

This guarantees quality meat that meets commercial and regulatory expectations.

Abattoir & Processing Facilities

Home Grounds Meats operates **approved abattoir rooms** designed for hygienic slaughtering and meat handling. Our facilities allow us to: - Slaughter livestock under controlled conditions - Process meat professionally - Prepare bulk and specialized cuts - Maintain cold-chain integrity

Cold Rooms & Bulk Storage

We have **approved cold rooms** for bulk meat storage, ensuring freshness, safety, and longer shelf life. Our cold-chain system supports large orders and consistent supply to our clients.

Specialized Meat Cutting

We offer **custom and specialized meat cutting services** for: - Butcheries - Hotels & restaurants - Catering companies - Events & gatherings

Bulk cutting reduces waste, improves consistency, and saves time for our clients.

Distribution & Supply Network

We distribute directly from our Chivhu farms to: - Local and urban butcheries - Hotels and lodges - Restaurants and fast-food outlets - Events, functions, and gatherings

Areas We Serve
